ALL NEW!  
MR JIM'S  
EXPLORATORIUM  
Art & Nature Pre-School Program  
Starting Fall 2010

Amazon Community Center

541-682-5373

## Mr Jim's Exploratorium!

**Fun Pre-Kindergarten foundations  
through art and nature at  
Amazon Community Center**

This school is a small, quality program designed to focus on individual early cognitive development with an emphasis on building good social skills and strong foundations for pre-schoolers before kindergarten.

Children will engage in art and science activities that build pre-k skills, increase dexterity and coordination, as well as explore spatial relationships all while having tons of FUN!

We'll take walks in the Amazon park and explore the amazing world of nature. We will dance, sing, do skits, make art and play!

### About Mr Jim

Jim Robinson is a Montessori trained teacher who has been teaching pre-school and K-3 children since 1975. He has degrees in Fine Arts & Education and a masters in Early Childhood Development. Jim founded Children's Day School in San Francisco. In Eugene he was head of the children's program at Birth to 3 and the art teacher at Ridgeline Montessori.
